THIS WEEK'S SERVICE

This Sunday's message, "Believing Rest," marks week three of our summer sermon series, *Sabbath in the Psalms*. We are not only made for rest but need rhythms of rest and Sabbath that draw us back to God and his good purposes. This summer, Sabbath with us at Bethel as we explore the rhythms of Sabbath and rest in the psalms. Every week, we'll look at a specific psalm that was used in Israelite worship to stir their hearts towards God's presence.

Through our exploration of the Scriptures, we'll gain an understanding of four key parts of believing rest: 1) it comes from God, 2) it is deep and profound, 3) it has solid sustenance, and 4) it is subject for constant praise. Not sure you can say, "The Lord is my Shepherd," with confidence? This week's message will give you solid evidence as to how and why our amazing God, the greatest shepherd of all time, can be counted on. So, come worship, and explore Psalm 23 with us!

ANNOUNCEMENTS

HEARING LOOP: We've been exploring updating our hearing assistance technology in the sanctuary. We have installed a temporary device called a Hearing Loop to see how it will work with our current sound system. The hearing loop sends sound from the sound system directly into hearing aids while eliminating any background noise. The sound received can be customized by each user's unique hearing aid. We do have one device in the sound booth with headphones if someone wants to utilize the technology but doesn't have hearing aids.

For a hearing aid to connect to the loop the user must have hearing aids that have telecoil (or T-Coil) technology, which most hearing aids have. To have your hearing aids set to connect to the hearing loop you will need to meet with a hearing aid practitioner and get them to activate the t-coil and set it to connect. They will have it set so you can push a button on your hearing aids to get them connected. This is a free service most hearing aid practitioners provide.
